## Indoor Football

**Comment:** A very popular competition. Competition bonus points (1 for every 5 goals scored) are very important in this sport and determined some competitions. Most games were played in school gyms. Our thanks to Action City and Action Hornby for hosting the remaining games.

**Overall Default Rate:** 6/159 = 3.8% A default can cost the defaulting team at least \$48.

Default rate:  $0/27 = 0\%$  Well done.

## Indoor Netball

**Comment:** Popular sport with the former junior grade being split into a junior boys/mixed, Year 10 girls and Year 9 girls competitions. With three shortened games each playing day, all teams could be accommodated. Competition bonus points (1 for every 5 goals scored) are very important in this sport. Our thanks to the two Action and two Howzat venues for hosting games.

Overall Default rate:  $11/180 = 6.1\%$  A default costs the defaulting team at least \$48

## Tennis

**Comment:** The comments made in term one remain valid. This competition suffers from excessive defaulting for avoidable reasons. Schools may be over-estimating player resources. 4 players is probably not a team. 8 players is certainly not two teams. 12 players is two teams, not three. In any one match, it is possible to play all 8 players in a team, with 4 playing singles and 4 playing doubles. The only restriction is that if players play both singles and doubles, the top ranked player playing both must play in the top doubles combination.

**Default Rate:**  $20/227 = 8.8\%$

## Volleyball

Comment: Large competition with well structured grades. School gyms are used as overflow venues when Pioneer and Cowles are filled. Schools are encouraged to send in all results, for games at Pioneer and Cowles as well as in school gyms, as score sheets can go missing from these venues and as a check. Ultimately, it is the winning teams responsibility – it has most to lose by not providing results!

Default Rate Overall:  $14/390 = 3.6\%$

Comment: With 16 teams, two divisions of 8 was a preferred format to 6, 6 and 4 (based on an expected entry number of 18 teams). A valid ranking has been established to serve as 2008 term one seedings by having the 8 teams in two sections of 4 with crossover playoffs between the sections.

<b>Water Polo</b>
-------------------

Comment: The pool was unavailable, a casualty of the Jellie Park upgrading. With only the Dive Well in use, two half pool games have to be played concurrently, affecting B and Mixed grade games. This situation will continue in term one next year and is expected to be worse. The alternative is to restrict team entries. Thank you to the Canterbury Water Polo Board for the provision of a Pool Controller.

Overall Default Rate:  $7/77 = 9.1\%$ . There were no water polo defaults in term one!

CBHS	Jun	5	0	4	0	0	1	10	56	-46	0	0	0	

Comment: This was a highly unsatisfactory competition, Initially 7 teams, then multiple late entries, then default and withdrawal, meant that competition composition was too fluid to enable effective management. The preferred model of having distinct A & B competitions was tantalisingly close after three weeks, then faded. Very difficult to prevent mismatches.

Default rate:  $4/29 = 13.8\%$

Comment: Played in two sections of 4 & 3 with crossover playoffs. The crunch game was played in the first week of playoffs, in the anticipation that the last week would be "difficult" with other school commitments not being advised by schools. It was!

Default rate:  $1/18 = 5.6\%$
