

Mission Statement

“Education through Sport”

School Sport Canterbury is an educational organisation with educational objectives being achieved through school sports programmes.

Paramount Principle

School Sport Canterbury is an educational organisation with educational objectives being achieved through school physical activity (including sports) programmes.

The educational needs of young sportspeople in our schools are paramount.

Therefore, the Management Committee of the Regional Sports Director’s Office will ensure that all students in partner schools will be given the opportunities to achieve personal standards of excellence in performance and satisfaction and to reach their full potential through sporting endeavour in an educational environment.

All office activities will be designed to enhance these purposes.

Aims

There are two fundamental aims of the Regional Sports Director’s Office:

- To increase and/or maintain participation in physical activity/sport, both in school and in the community, of secondary school students
- To increase the performance and satisfaction of secondary school students in sport

Goals

The fundamental aims of the Regional Sports Director’s Office will be achieved through the following goals:

- To provide maximum support of schools sports staff
- To promote the educational benefits of participation in quality physical activity/sports programmes
- To provide quality educational physical activity/sporting experiences for students

It is acknowledged that to achieve these objectives, the office will relate to a wide variety of other organisations:

- schools, other than partner schools
- other educational organisations
- club, provincial, and national sporting organisations
- the Christchurch City Council, and other local authorities as appropriate
- sponsors, and community funding organisations
