

Contribution to Secondary School Sport

This annual award is to acknowledge individuals who have made a significant contribution to inter-secondary school sport over a period of time in **an administrative and/or coaching, managing, officiating** role.

This is not judged but we would like every school to nominate current staff members to be recognised for their significant contribution to sport in their school.

These individuals will be acknowledged by School Sport Canterbury according to the length of service given

The criteria for the award are all of the following:

- Commitment over a length of time (at least 10 years) and may involve contribution(s) in a number of sports
- Involvement in secondary school sport (at local, regional or national levels) and valued by their peers.
- Contribution within the school and/or above.
- Role model to students.

Note:

1. The focus of the nomination should be the time and commitment **contributed** by the person, along with outcomes achieved.
2. As this is a new award, for this year you may nominate **all** of the individuals from your school who you feel meet the criteria above. Please include current staff who have made a significant contribution to sport in the past.
3. Milestones: 10 years / 15years/ 20years / 30 years
4. Staff who have changed schools in Canterbury may also be nominated for their combined contribution.
